Description	<p>This database features some of the most comprehensive indexes available of historical Australian birth records. These indexes were created by Australian registrar's offices after civil registration of births, marriages, and deaths became law in the mid 19th century. While these collections make up some of the most important indexes of early Australian birth records, they are not necessarily 100 percent complete. Compliance to registration laws varied, and Australia's vast distances complicated most any record-keeping effort. In this collection, records are available for the following span of years: New South Wales: 1788-1910, Northern Territory: 1870-1910, Queensland: 1829-1910, 1915-191, South Australia: 1842-1922, Tasmania: 1803-1910, Victoria: 1836-1910, Western Australia: 1841-1905</p>
